## Negro Fined on Bootlegging Charge.

Arrested, convicted and at work on the rock pile in less than one hour, was the swift justice that was meted out to Lewis Frank, alias "Red Jake," a negro who was tried Friday morning in Justice Fretwell's court and given a fine of \$100 and costs for selling liquor in the negro suburb of Claysville without a license.

Information of the guilt of Frank was disclosed in the trial of Dan Chinn, a negro fugitive from justice, who had been arrested in Georgetown on the charge of brutally beating Jack Adams, another negro.

The difficulty took place in the negro suburb of Claysville on last Sunday and in his testimony Chinn swore that he bought a half pint of whisky from the Frank place, who at the time was clerking in the store of Richard Jordan, a negro grocery keeper.

Chinn was held to the grand jury in the sum of \$200 bond, and before his case was finally disposed of officers armed with warrants for the arrest of Frank and Jordan were on their way to Claysville where both the men were taken charge of.

## Big Crowd See Display.

The one thing that has attracted the attention of the public on the afternoon of Saturday and yesterday as what seemed to be a wax figure going through a series of mechanical stunts in the show window of Mitchell & Blakemore, the clothing merchants. A large number of people thronged the street in front of the business house to get a glimpse of the "wax one," who in reality is Mr. Leo Glason, so cleverly made up and so steady in motion and in expression that not even the most critical observer could detect the slightest movement of the muscle. Mr. Glason is here advertising the Durham Duplex Razor, the local agency of which has been accepted by Messrs. Mitchell & Blakemore and the display in their window is large, and their sales have been immense. The writer has had the pleasure of using this razor and after giving it a thorough test finds it to be satisfactory in every respect.

## Received Certificates.

At the examination held in the office of the County Superintendent, Miss Mabel Robbins, Friday and Saturday, the following were successful in the examination for county certificates: Misses Anna Burns, Daisy Dettwiller, Lola Gray, Minerva Moore, Nora Woods, Sarah Lail, Bedford Martin and Mrs. Ed. Reed. Miss Dettwiller and Miss Burns made an average of ninety, which was the highest percent of any of the applicants.

(Continued from Page 8.)

view of taking both contests and will no doubt be accompanied from the Capital City by a bunch of admirers to witness the game.

The locals will put forth their best efforts to win and should be encouraged by the presence of an immense crowd. A year ago when our club occupied the last position in the percentage the patronage extended was liberal indeed and this year with a club in the highest position the patronage should be far greater.

## AN OBJECTIONABLE FEATURE.

The most objectionable feature to the game of yesterday was the constant wrangling on the part of the Lexington players and especially Manager Yancey, over certain rulings of Umpire Lucas. As has been their custom the Lexington players delight in a chance for an argument and never fail to take advantage of the opportunity of delaying the game by constantly disputing the decisions, much to the disgust of the patrons of the game. This feature is more noticeable when the Lexington club plays here than in any of the other games and as a result there is always falling off in the attendance whenever Lexington plays on the local grounds. Fans have become disgusted with the "bull-dozing" tactics practiced by the Yancey-Sheets aggregation on the ball field and yesterday gave vent to their feelings by repeated hisses when the "Mighty" Yancey would wend his way from the center garden to engage in useless disputes with his umpire. The admirers of the game here have tired of these practices and will not patronize the game if they are continued. "Crabbing" with umpires must cease or when Lexington comes to town they may expect nothing more than to play to empty seats.

**What The June Woman's Home  
Companion Contains.**

The first of the summer numbers of  
this remarkable woman's magazine  
has reached beyond its own high  
standard in interest, variety and prac-  
tical material. The cover, a Dutch  
girl painted by Ford Harper, is a  
pleasure in itself, and the illustrations  
throughout are the work of some of our  
best artists.

The fiction is from the pens of lead-  
ing writers. A new romance by Grace  
H. Richmond begins in this June num-  
ber. "The House of Healing," by  
Juliet Wilbur Tompkins, is still going  
merrily along, and such popular writers  
as Alice Brown, Annie Hamilton  
Donnell, Mary Hastings, Hulbert  
Footner and Annie Heaslip are re-  
presented by short stories which for  
charm feeling and a delicate sense of  
humor are in class by themselves.

June is a month in which so many  
important events happen that the com-  
prehensive woman's magazine must be  
unusually full of interesting articles.  
The June number of the Woman's  
Home Companion includes "Wedding  
Gifts that Are Different," "A Novel  
Graduation Program," "When You  
Graduate," "A Vacation Trip to Eu-  
rope," etc. Kate V. Staint-Maur  
contributes another of her practical  
articles this month on strawberry cul-  
ture and the love song "You're Worth  
All the World to Me" by Alfred G.  
Robyn is just the right thing to sing  
on summer evenings. Unusually care-  
fully selected fashions are shown this  
month by Grace Margaret Gould with  
an eye particularly to the needs of the  
girl graduate.

The special departments are filled  
with timely and good advice on many  
subjects and the younger readers of  
the Woman's Home Companion find in  
the June number almost a small maga-  
zine for themselves. Among the offer-  
ings in the children's department is  
a letter from Selma Lagerlof, the au-  
thor of that new famous fairy story,  
"The Adventures of Nils."

**Not Built That Way.**

An exchange says: "Yesterday we  
were asked if we ever saw a bald-  
headed woman. We answered 'No,'  
we never did, nor did we ever see a  
woman waiting around town in her  
shirt sleeves with a cigar in her teeth  
and running into every saloon she saw.  
We have never seen a woman go fish-  
ing with a bottle in her pocket sit on  
the damp ground all day and come  
home drunk at night. Nor have we  
ever saw a woman yank off her coat  
and say she could lick any man in  
town. God bless her she's not built  
that way."

**Shall Women Vote?**

If they did, millions would vote Dr.  
King's New Life Pills the true remedy  
for women. For banishing dull, fag-  
ged feelings, backache or headache,  
constipation, dispelling colds, impart-  
ing appetite and tuning up the system  
they're unequalled. Easy, safe, sure.

**Fresh Air.**

What about the fresh air in your  
home? Do you sleep with the windows  
open at night? A great New York  
physician recently said in a public  
speech: "We can bankrupt every  
drug store in America in a quarter of  
a century. We can destroy the drug  
stores and make the medical profes-  
sion obsolete with a sanitation and  
fresh air." Now, we can not make  
our community sanitary in a single  
night, but in a single night we can  
breathe into our lungs a sufficient  
quantity of good, pure air to give us  
strength and endurance during the day  
that follows. It used to be that  
people were afraid to let wind blow  
in on them, but it is now demon-  
strated that the wind is just what we need.  
Keep the body warm from head to foot  
and turn the hose of clean, invigor-  
ating air into your nostrils and you  
will not need calomel or quinine very  
often.

**Not Sorry for Blunder.**

"If my friends hadn't blundered in  
thinking I was a doomed victim of  
consumption, I might not be alive  
now," writes D. T. Sanders, of Har-  
radsburg, Ky., "but for years they  
saw every attempt to cure a lung  
racking cough fail. At last, I tried  
Dr. King's New Discovery. The ef-  
fect was wonderful. It soon stopped  
the cough and I am now in better  
health than I have had for years.  
This wonderful life-saver is an un-  
rivaled remedy for coughs, colds, la-  
grippe, asthma, croup, hemorrhages,  
whooping cough or weak lungs. 30c.  
\$1.00. Trial bottle free. Guaranteed  
by Oberdorfer."

**PUBLIC SALE**

**Fine Bourbon Stock and  
Tobacco Farm.**

As heirs of the late Mrs. Sallie E.  
Moore we will sell on the premises,  
3 1/2 miles from Paris on the Paris &  
Cynthiana turnpike, on

Thursday, May 26th, 1910,

at the hour of 2 o'clock p. m., and  
without reserve, her farm of 360 acres  
of land.

The farm is without question one of  
the best improved tracts of land in the  
Blue Grass region, and is in a high  
state of cultivation.

It has been in the same family for  
one hundred years and each gener-  
ation has taken great care in pre-  
serving the fertility of the land.

It has upon it one of the best two-  
story modern brick residence in the  
county, containing eleven rooms,  
halls, 10 closets, 1 store room, a  
double front veranda, with elegant  
bay window, between, double back  
porches and with cellar under main  
portion of the building.

The house contains a slate roof, has  
been newly painted and is in splendid  
condition, inside and out. There is a  
large cistern near the rear door, and  
one of the best ice houses in the  
State.

There is also on the premises a  
meat house; brick cabin in the yard;  
stable; tobacco barn for 10 acres of  
tobacco and a good tenant house of  
five rooms.

The farm is one of the best fenced  
tracts of land in the country, is very  
productive and is all in grass except  
10 acres. It is well watered, Cooper's  
Run flowing through one corner of  
the place, while a number of never  
failing spring and pools make the  
farm drouth proof.

The land lays well, being sufficient-  
ly rolling to afford natural drainage,  
and is of rich productive soil. A field  
of 50 acres of corn last year has now  
upon it a fine crop of growing wheat,  
which is sown to clover, the latter  
being up nicely. Sixty acres is to be  
planted in corn and can be seeded to  
wheat in the fall of 1910. The farm  
is surrounded on all sides by citizens  
who own their farms, Col. E. F. Clay,  
the owner of Runnymede, and his  
son, Mr. E. F. Clay, Jr., being on the  
South side. Mr. George Wagner on  
the west, the land of Miss Elizabeth  
Grimes and Mrs. R. C. Talbott on the  
north and bounded by Stoner creek  
on the east.

The residence and surroundings are  
among the most attractive on the  
Paris and Cynthiana pike, the former  
being located 75 yards from the road  
and approached with a beautiful heart  
shaped driveway.

The yard comprises several acres of  
land well set in blue grass and shaded  
with cedars, maple, walnut, and sev-  
eral stately oak and ash trees.

The line of the Cynthiana and Paris  
Interurban railway, which has been  
surveyed and will be built within the  
next twelve months, runs directly  
in front of the premises and will  
afford quick transportation in either  
direction.

The farm will be sold in two tracts  
the home place (going in the direc-  
tion from Paris to Cynthiana) con-  
taining 235 acres, and including the  
improvements and the rental contract  
for the year 1910, will compose tract  
No. 1; and the unimproved land, ly-  
ing immediately across the pike and  
containing 125 acres, will compose  
tract No. 2.

Tract No. 2 is one of the richest  
bodies of land in central Kentucky.  
It is a deep vergin soil, and contains  
one hundred acres of fine timber and  
is richly set in blue grass. The tim-  
ber consists of mammoth red and  
white oak, blue and black ash, map-  
le and walnut trees and is of such a  
variety and abundance as to be suffi-  
cient to build a number of tobacco  
barns. This tract of land has upon it  
an elegant and commanding site for  
a residence every acre of the one  
hundred twenty-five will produce sev-  
eral fine crops of tobacco, after which  
it would produce the finest corn and  
wheat that could be grown.

Prospective buyers are invited to  
visit and inspect unequalled oppor-  
tunities as a stock and agricultural  
farm.

The farm will first be sold as a  
whole, including the rental contract  
for the year 1910, and possession given  
March 1, 1911.

It will then be sold in separate  
tracts, and the highest and best bid  
will be accepted.

If sold separately, purchaser of  
tract No. 2 can have immediate  
possession.

The terms of the sale will be liberal  
and made known on day of sale.

## Criminal Lawyers Greatly Inter- ested.

Criminologists are particularly in-  
terested in a decision made recently by  
the United States Supreme Court in  
which decision it is held that punish-  
ment must be proportionate to offense.  
Referring to this decision, the Wash-  
ington correspondent for the Associat-  
ed Press says: "The agitation among  
the legal profession arises from the  
decision of the court last Monday for  
the first time in its history, in setting  
at liberty a person convicted of an  
offense because there has been inflicted  
upon him a cruel and unusual punish-  
ment." It was in the case of Paul  
Weems, an official in the lighthouse ser-  
vice in the Philippines. His case came  
under the bill of rights of the island.  
The court announced that it must give  
the same interpretation to that bill of  
rights as given to the eighth amend-  
ment to the constitution. Thereupon it pro-  
ceeded to construe this amendment,  
prohibiting a cruel and unusual  
punishment. It was admitted that  
the constitution makers had used this  
phrase only to prohibit the resort to  
inhuman methods for causing bodily  
torture. It had been used to prevent  
a return to the Roman custom of sew-  
ing a parricide into a leather bag with  
a little dog, a cock, a viper and an ape,  
and casting it into the sea, and to the  
English customs of disemboweling  
traitors and burning alive women who  
committed treason. The court decided  
to regard these precedents as mile-  
stones in the advance of civilization  
and not as limitations on the phrase,  
"In the application of a constitution,"  
said Justice McKenna, in announcing  
the decision of the court, "our con-  
templation can not be only of what  
has been, but of what may be." This  
he based on the belief that otherwise  
the general principles of the constitu-  
tion would have little value and be  
converted by precedent into impotent  
and lifeless formulas. "Rights de-  
clared in words, said he, 'might be lost  
in reality.' Much speculation exists  
as to the effect of the decision. That  
it will apply to the territories and the  
District of Columbia is not doubted.  
The court has determined that the  
eighth amendment is so applicable to  
the states and hence the states will  
not be compelled to follow the new  
principles. Most of the states, how-  
ever, have provisions in their consti-  
tutions similar to the eighth amend-  
ment and it is believed the decision  
will have a powerful influence in the  
future interpretation of these."

## Saw Comet in 1835.

Mrs. Susan Darnaby, of Lexington,  
has seen Halley's comet before, and  
remembers distinctly its visit in 1835.  
The features which impressed itself  
most deeply upon her mind was the  
showers of meteors which fell in such  
numbers and so thickly that they re-  
sembled a heavy snowstorm. The  
meteors she says, would remain light-  
ed, until they almost reached the  
ground and would then fade away.

Mr. Jephtha Lancaster, aged 95 years  
also of the same city, told some inter-  
esting incidents concerning the comet.  
He said that in those days people  
were unacquainted with newspapers  
and had never heard of a comet. Mr.  
Lancaster declares that the meteors  
which appeared immediately after  
the appearance of Halley's comet in  
1835, caused more fright to the people  
of Henry county, where he lived, than  
anything else known there. The in-  
habitants called them "falling stars."

Georgetown, too, can boast of two  
citizens who can give graphic descrip-  
tions of Halley's comet when it ap-  
peared seventy-five years ago.

They are Mrs. Eleanor Whitney and  
Mr. A. M. Bradley. They remember  
the fear that was stirred up not only  
among the negroes, but many intelli-  
gent white people were frightened  
and thought the world was coming to  
an end. A meteoric shower accompa-  
nied the appearance of the comet,  
they say.

## State Board Completes its Work.

The Kentucky State Board of Equal-  
ization Friday afternoon completed its  
work of equalizing tangible property  
values from the assessor's books of  
the 119 counties in the State. Twenty-  
six counties escaped a raise, the local  
assessment and equalization being ac-  
cepted in that number and ninety-  
three were given a boost.

The increases ranged from 5 per  
cent to 25 per cent on lands, personal  
property and town lots. Four coun-  
ties got the big raise of 25 per cent.  
They were Ballard, Bath, Carlisle and  
Morgan. Twenty-three counties got  
the minimum raise of 5 per cent.  
Bourbon county got a raise of 10 per  
cent.

The action taken by the board is fi-  
nal, unless some action should be tak-  
en in the courts by any complaining  
county on the idea that the board raised  
instead of equalizing property val-  
ues. The work of the board will be  
immediately certified to State Auditor  
for the collection of taxes.

## Have You Been Counted?

The Census Enumerators are  
hard at work. In cities whose  
population was 500 or over in  
1900, the enumeration has been  
completed. In cities of less popu-  
lation and in the country dis-  
tricts, the time is not up till May  
15. Supervisor Bristow urges  
the co-operation of the news-  
papers, public officials and citi-  
zens generally with his corps of  
enumerators in the effort to ob-  
tain a complete and accurate  
census of this county. If, there-

## Prof. Chapman Addresses T. U. Students.

Superintendent G. W. Chapman of  
Paris Public Schools gave an excellent  
address at Transylvania University  
Thursday morning on "The Secondary  
Schools of Kentucky." Mr. Chapman  
pointed out in a logical manner the  
importance of secondary schools,  
claiming that they are the fountains  
of the colleges and universities and that  
the higher institutions should do all in  
their power to increase the number  
and efficiency of such schools. He  
said that only sixty of the counties in  
Kentucky have secondary schools.

**Duncan Grocery Destroyed by Fire.**

Fire of an unknown origin at midnight Saturday destroyed the store-room at the corner Nineteenth and Main street, the stock of groceries of Mr. G. S. Duncan who conducted the store, and threatened the destruction of the residences adjoining.

The second story of the building was occupied by Mr. David Stephens and Mr. A. G. Curtis, a carpenter, both being absent at the time of the fire, the former being on a visit to relatives at Leeslick, and both lost all their effects. Mr. Duncan and family occupied the apartments in the rear of the store and a portion of their household goods were saved.

When the fire department arrived on the scene the interior of the building was a mass of flames and seeing little hope of saving the building the firemen turned their attention to the residences adjoining and in the face of many dangers from falling electric light wires succeeded in confining the flames to the one building.

The heavy rain, which had fallen a few hours before the fire was discovered was a great advantage as nothing resulted from the shower of sparks that fell when the roof collapsed. The only damage to adjoining property was to the residence of Mrs. Clayton, which was only a few feet from the burned building, but the damage sustained was slight.

The building which was a frame, was the property of Mr. J. S. Jones, and his loss is probably covered by insurance, while the insurance held by Mr. Duncan on the stock of groceries was \$1,800.

**Foulard Frocks at \$25.00**

**Dominate in This Unusual Assemblage of Women's Suits, Topcoats and Dresses.**

**Legitimate Reasons Responsible For Lowest Prices of the Season**

"What!—\$25.00?" exclaimed a woman yesterday when she saw these charming foulard frocks. "The silk is beautiful! I could not have a silk dress of that quality made for that amount. Besides, there is a certain chic effect that would be difficult to obtain. Really these dresses have atmosphere."

She was right. They were designated by an artist—one of the cleverest men in the business. Conservatively individual without even a garnish note in the silks or trimmings.

Just the kind of frocks women need for afternoons, shopping and many informal summer occasions.

Absurdity of price—\$25—is explained by the fact that the maker secured a large quantity of excellent quality foulard from a well-known American mill that

wished to dispose of an overlot in a hurry.

This is true, too, of the Tailored Walking Skirts at \$8.75. We

We are glad to announce another large shipment to meet to-morrow's demands.

We could relate many other interesting facts about each collection in this most unusual disposal of women's apparel; but each item has been occasioned by the backwardness of the season that caused makers to sacrifice their over-productions for a mere song.

Remember, please, that every garment measures up to our standard of quality.

**STOCK, CROP AND FARM NOTES**

—It is stated that less than five hundred acres of hemp have been planted in Bourbon this year as a result of the increased returns from tobacco culture and the scarcity of hemp breaking hands.

—The heavy rains of last week made an excellent season for tobacco and farmers all over the county had plants large enough to transplant were busy the latter part of the week setting out their crops.

—The Burley Tobacco Society, his decided to erect one of the largest redrying plants in this State in Mason county, and it will be located at Maysville. It will have a capacity of over a hundred thousand pounds per day.

—Danville Messenger says: "Capt. T.D. English, conducted a good sale yesterday at the Fox livery stable. Twenty-five head of horses sold at from \$100 to \$250. Poles brought from \$75 to \$150."

—D. N. Rees, of Cynthia, one of the firm of Jonas Weil & Co., of Lexington, shipped from that city Thursday fourteen cars of cattle averaging 1,030 pounds to N. Lehman & Co., of Baltimore. This shipment will be used for the Baltimore trade.

—Says the Dover News: "That blessed old hen prevented the frost from ruining our garden. She kept the tender plants from being injured by keeping them picked off close to the ground or scratched out of existence. Therefore the frost failed to get in its work. Bless the old hen."

—The Stanford Journal says that six dollars per hundred is being offered for hemp of the crop of 1910. A very small crop was grown last year and a still smaller one is in prospect for this year. Until somebody invents a practical power hemp break, the crop will continue to be small, as negro labor is too unreliable to trust.

—An exchange says: "It used to be that every farmer in the county carried from one year to another a considerable quantity of corn and a nice bunch of hogs, to which he fed the corn in the fall, in many instances having enough to prepare his hogs for the market, but that has changed and nearly all the corn cribs in the country are empty by this time of year, while hogs cannot be found.

—George B. Ott, the Lexington turfman has just refused an offer of \$5,000 for his good two-year-old filly, Golden Egg. Ott is not overly anxious to sell, as the filly is well engaged in stakes at Latonia and Saratoga, and she is also a Futurity eligible. The only two-year-olds to beat her this spring are Housemaid and Round the World, and neither of these is engaged in the Latonia stakes.

—H. N. Rankin, of Carlisle, last week bought the following: Three head of harness horses at Mt. Sterling, two at Winchester and four in Paris, at about an average of two hundred dollars per head. He also bought twenty yearling mules of Wm. Thomas, of Plum Lick, at an average of \$115; twenty-one head from Ed Burris at an average of \$110, and forty-five from Layson Tarr, of Millersburg, at \$115 per head.

—Oro Lambert 2:17 3-5, the five-year-old trotting stallion of Miss Katherine Wilks, of Cruikston Farm, Galt, Ontario, died at the Kentucky T. H. B. A. track last week, after a short sickness. The horse was sent to the barn of Clem Beach, Jr., several weeks ago along with a few other horses belonging to Miss Wilks, it being the purpose of his owner to have him trained and raced down the Grand Circuit this season, after which he was to be retired to the stud.

—Because of the report of the crop condition in this state for the month of March showed a decided falling off in the acreage of wheat, Commissioner of Agriculture Rankin has decided to begin a campaign to induce the farmers of Kentucky to grow more wheat and less tobacco. He has a double purpose in this campaign, which will be one of education. He will try to get the farmers to go back to the old system of taking their wheat to the mill and having it ground for their own use, take their shorts and mill feed home and feed it to their stock and sell what is left, and not until they have first supplied their own wants. During the next year, Commissioner Rankin is going to try to get every farmer in Kentucky to raise some wheat on his farm.

So Convenient.

**\$15 To Insure**

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

Lien retained on colts until season money is paid.

## Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your drug-gist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Pearl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a post card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

## Child Toothless Since Birth.

Mary Strode, a thirteen-year-old girl of Tompkinsville, Monroe county, is probably the youngest child in America who is using a full set of artificial teeth.

The little girl has been toothless since her birth. She has never been able to eat anything that required mastication.

A friend of the family conceived the idea of making the little girl a set of teeth and aided by securing a perfect impression of the mouth, the teeth were a great success.

The artificial teeth add much to the little girl's beauty and since becoming familiar with them she refuses to do without them a moment and for the first time in her life can enjoy a meal as well as her parents.

The cause of the child being toothless is not known and is the first case on record where a child lived to be thirteen years of age without any teeth. Physicians have no knowledge where a full set of teeth was ever made for one so young as this little girl.

## Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c at Oberdorfers.

## Will Vote to Protect Miners.

"More men have been killed in the shambles of pitiless greed than ever went to their eternal count in the civil war," declared Congressman Stanley, of Kentucky, in the House Thursday. "Coal to the amount of 250,000,000 tons is wasted in this country," said Mr. Stanley, and he charged further that the United States is the only country which makes no effort towards safety in mining.

The result has been, he said, that this nation killed from two to five hundred more men than any other civilized country. He said there were 1,000,000 men engaged in mining and announced he would vote for \$60,000 in addition to the \$100,000 already appropriated looking to the safety of miners.

## An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants, Mr. W. T. Brooks will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

## Mathers Announces for Congress.

State Senator Charles W. Mathers, of Nicholas county last week announced as a candidate for the Democratic nomination for Congress in the Ninth District.

Senator Mathers, for several years has been prominent in the politics of Nicholas county and has served in both branches of the Kentucky Legislature.

At present there are but two candidates who have announced for the Democratic nomination, Mordecai Williams, of Boyd, being the other. Edgar Hager of Boyd, E. E. Lawrence, of Boyd, and J. W. Fields, of Carter, are the other men prominently mentioned as probable candidates.

## Big Suit for Damages.

Mrs. Laurel Haggard has filed suit against Charles Korkner, in the Clark Circuit Court asking for \$50,000 damages for the killing of her husband, Tandy Haggard, one year ago.

The two men met in the turnpike and had a difficulty which ended by Korkner shooting Haggard, killing him instantly. Korkner was tried in Winchester for the killing, but the jury disagreed. He secured a change of venue to Madison county, and was acquitted.

## Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Oberdorfers.

## Governor Renews Reward.

Governor Willson has offered a reward of \$500 for information leading to the arrest and conviction of any of the men who engaged in the night rider raid on Hopkinsville some months since. The reward is to be paid for the information leading to the arrest of each person who is convicted. The reward is good for only ninety days and is simply a renewal of the reward which was offered shortly after the raid.

All rewards for the arrest of criminals which was offered prior to January 1, 1910, have been revoked by the Governor on the ground that if they have not been effective by this time they will not be effective at all.

## HUSTLERS WERE EASY.

The Bourbonites played all around the Hustlers in a fast game at White Park Saturday afternoon, winning by the score of 4 to 2. Upon the result of the game hinged second place. Had the Hustlers won out they would have been next to the leaders and Paris would have taken third position.

The Bourbonites batted Lewis at will and only brilliant support kept the score down. Winchell was steady at critical times. Excepting a wild throw to first Kuhlman played a sensational game at third, handling cleanly, five difficult chances.

The batting of Kuhlman, Scott, Holder and Lewis, the fielding of Eddington and Reed and a brilliant running catch by the latter were the features of the game. The score:

Winchester.....1 0 0 0 1 0 0 0—2

Paris.....3 0 1 0 0 0 0 0—4

Batteries—Paris, Winchell and Holder; Winchester, Lewis and Ellis. Errors—Paris 3; Winchester 5. Two base hits—Kaiser, Scott, Holder, Lewis. Base on balls—off Lewis 2; off Winchell 2. Struck out—by Winchell 3. Double plays—Callahan to Kraher to Mullins. Stolen bases—Scott, Barnett. Sacrifice hits—Goodman, Holder, Lewis. Time—1:35. Umpire—Buck.

## MILLERS AGAIN BEATEN.

Jimmie Poole proved too much for the Millers in the game at White Park Sunday afternoon in which they were defeated by a score of 7 to 3. The work of Poole was the most phenomenal exhibition of ball playing ever witnessed on the local grounds. He held the visitors for eight innings without a hit, struck out eleven men, batted safely three times out of four times at bat and scored two runs. Excellent support was accorded Poole and in but two out of the nine sessions did more than three men face him. In the first after Kircher went out to Goodman Kuhn was given a pass and when A. Long fanned the wind, the first sacker was caught in an effort to steal, Holder to Scott. The same performance was repeated in the third session when Williams the first up was walked, Lemon fanned the wind and Williams attempted to make the second sack on the third strike of Kramer but went out Holder to Maxwell on a close decision.

Kramer, for the visitors, started like a whirlwind, striking out both Kuhlman and Goodman, and Kaiser went out on a fly to Kuhn. In the second Kircher dropped Scott's high fly and on Kramer's error Barnett reached first. Kircher made a bad throw of Maxwell's grounder. Scott scoring and Barnett taking third, scoring a moment later on Eddington's sacrifice fly. Holder and Poole went out to A. Long and P. Long. The Bourbonites put one over in the fifth, one in the seventh and two in the eighth.

In the last session the visitors rallied and the only three hits of the game were secured off of Poole, two singles and a double, which netted two runs. Davis brought the contest to a close when he hit a hard one to Barnett which he handled easily. The score:

Shelbyville.....0 0 0 1 0 0 0 0—3

Paris.....0 2 1 0 1 0 1 2—7

Batteries—Paris, Poole and Holder; Shelbyville, Kramer and Lemon. Two base hits—Wombel. Base on balls—off Poole 2. Struck out—by Kramer 4; by Poole 11. Passed balls—Lemon. Stolen bases—Wombel, P. Long, Kaiser, Maxwell 2. Sacrifice hits—Kuhlman, Kaiser 2, Scott, Barnett, Eddington. Hit by pitcher—Kuhn, Barnett, Maxwell. Time—1:30. Umpire—Wilkinson.

## THE "HOODOO" BROKEN.

Suggestion: That we use McCormick against the Colts in the games that are to be played in the future, and that some means, whether fair or foul, be devised by which Manager Yancey can be induced to drop the word "protest," play the game and quit trying to increase the percentage

of the Lexington club by carrying his grievances to the President of the League.

The Bourbonites broke the "hoodoo" that the Lexington club has had on them and won the game at White Park yesterday afternoon by a score of 2 to 1, but the game will go to protest, just because Manager Yancey can't get out of the habit.

McCormick was on the rubber for the locals and pitched an excellent game, while the "invincible" Robbins held the same position for the visitors.

Paris put her first run over in the first session and the Colts tied in the fifth, but in their half the Bourbonites added another and held the lead through the remaining sessions.

Eddington starred in the outfield and a one-handed catch in the fifth inning of a high one from Viox's bat after running twenty feet beyond the left field foul line was one that has never been equaled on the local grounds. The score:

Lexington.....0 0 0 1 0 0 0 0—1

Paris.....1 0 0 0 1 0 0 0—2

Batteries—Robbins and Minder; McCormick and Holder. Hits—Paris 3; Lexington 5. Errors—Paris 3; Lexington 3. Two base hits—Myers, Chapman. Struck out—by McCormick 3; by Robbins 4. Base on balls—off McCormick 2; off Robbins 5. Passed balls—Holder 2; Minder 2. Hit by pitcher—Robbins. Time—1:44. Umpires—Lucas and Buck.

## "WHEN GREEK MEETS GREEK."

This afternoon at White Park the league leaders will meet in the first game of the season and the result will decide who will be on the top rung, that is, for a day at least, for the Lawmakers are scheduled for a game here tomorrow and this will be the last game on the home grounds until Sunday.

The meeting between Paris and Frankfort has been looked forward to with no small amount of interest by the local fans and with the decision of yesterday's game, in which the percentage of both clubs advanced the same, the interest increased, and with favorable weather a large crowd is expected to witness the initial contest of the two clubs.

Manager McKernan will choose between Maxwell, Winchell and Schenck to do the pitching and Holder or Thomas will officiate behind the bat in the game today.

The Lawmakers are coming with a (Continued on Page 1)
